

# Safeguarding Your Health on an Air Journey

Air Journey looks forward to, once again, delivering our clients the unsurpassed, expertly managed travel experiences, you have become accustomed to. We have implemented new standards to protect your well-being when traveling in light of COVID-19.

## When Creating Our Itineraries

- Hotels with open-concepts
- Secluded / rural destinations
- Small boutique hotels
- Hotels with strict COVID-19 Protocols in place
- Private airport transfers
- All Open-air / outside dining options
- Socially distanced activities available

## Our COVID19 Protocol

- PCR COVID19 test required within 5 days or less of the Journey's departure
- Rapid Antigen COVID19 test in the departure city, one day before departure to ensure no participants launch on the Journey with active COVID19
- Daily temperature checks at breakfast
- Mask and hand sanitizer supplied by Air Journey
- Participants may choose to dine with the group or individually depending on their comfort level
- COVID test on location at the last property prior to re-entry into the United States
- Group size limited to 6 aircraft

In response to the CDC's newest regulation, requiring a proof of negative COVID test for re-entry into the United States within 72 hours of our arrival, we have organized testing to be conducted at the last hotel property prior to re-entry.

We're adhering to best practices for cleanliness and disinfection. We follow the guidelines established by the leading health experts (including the CDC) to minimize any opportunity for coronavirus exposure during your journey. We'll have hand sanitizer readily available, ensure enhanced cleaning in hotels and restaurants and sanitize vehicles at every arrival and departure (with a focus on high-frequency touch points such as door handles) and provide individual service at all meals, if preferred.

Air Journey's small-group journeys are already well-suited to exploring with safe physical distancing in place. Our small group size facilitates our ability to maintain cleaning and hygiene procedures and ensure adequate physical distance between guests. Your transfers are private. When touring as a group, your vehicles are never more than half full. Expect your guides to greet you with smiles, instead of the usual handshake, along with no-contact check-in/check-outs in many hotels. On a Concierge Journey, your group size is completely up to you, of course, and you travel only with the people you choose on most activities.
